Kia ora koutou

Queenstown Airport appreciates the opportunity to comment on the re-authorisation of the North Asia Alliance Agreement between Air New Zealand and Cathay Pacific.

The importance of efficient international air connectivity to New Zealand is supported by Queenstown Airport. We believe that the alliance between Air New Zealand and Cathay Pacific helps to achieve these outcomes. Accordingly, Queenstown Airport supports the re-authorisation of this alliance.

We are happy to respond to any questions the Ministry of Transport may have in relation to this position.
