The loading will apply only to those hours spent actually carrying out, for example, an 'on-site' audit or inspection and the hours spent in the office relating to that same 'on-site' audit or inspection.
- Where an activity occurs outside New Zealand, the actual and reasonable cost of travel and all associated costs will continue to be met by the operator.
- The regulated hourly rate for services specified in Schedule 1 will apply, irrespective of whether the chargeable activity is undertaken by an employee or a contractor.
