Subject: Fwd: Act submission

Hi.I'm having trouble finding a submission form on your web site.Anyway i've got a couple of things to say, that in my opinion need urgent addressing.

Renewal of certificates.This 5 yearly nonsense for our agriculture industry is a total nonsense,especially where the same people are involved,and no fare paying passengers,what really peaked my interest is recently we had a H&S inspection from CAA, ,the inspectors said on several occasions that we don't come up on the CAA radar,which really says we're doing quite fine.So why do we have to go through the excessive time wasting investigation every 5 years for our agriculture business,i like a lot of other long term certificate holders have found this a massive time wasting exercise,and has changed nothing in the way of improving safety.Surely this area of non fare paying passengers can have a serious review,the current system is hideous.

Points made

1. Drop the 5 yearly certificate renewals for Ag,and all non fare paying organisations.
- 2.Do away with Fit and proper test for long term personel,that maintain a clear record.

Kind regards

Ken MacKenzie CEO & Chief pilot.
